BRANDING

At Cocos, we create distinctive logos, cohesive brand suites, and comprehensive brand guidelines that give your business clarity and confidence. Every project begins with strategy, understanding your audience, positioning, and long-term vision.

From carefully curated colour palettes and considered typography to custom brand elements, every detail is designed with intention and alignment. Nothing is accidental; each element works together to communicate who you are and what you stand for.

The result? A polished, consistent brand that feels elevated across every platform and instantly recognisable wherever it appears.

ALL THINGS SOCIAL

At Cocos House of Design, we create strategic Instagram feed plans that turn your grid into a cohesive, on-brand experience. We thoughtfully combine custom graphics, AI-generated visuals, and your existing content to design a polished, purposeful layout where every post flows seamlessly and tells a clear brand story. You stay in control of posting and engagement while we craft the visual blueprint.

We also offer flexible content post bundles, so you have beautifully designed posts ready to use whenever you need them.

BUNDLE OF 6 POSTS

Includes 6 custom Instagram grid posts or story designs. You can choose to have all six created for a scheduled date or use them one at a time whenever you need. Content posts are delivered every Monday so can be requested one per week, and your posts never expire.

Investment £80

3 WEEK INSTAGRAM FEED PLAN

3 x 3 grid (Based on posting 3 times a week) – Includes a feed of 9 posts and up to 6 Graphic Content designs or AI-Generated visuals with integration of your existing content.

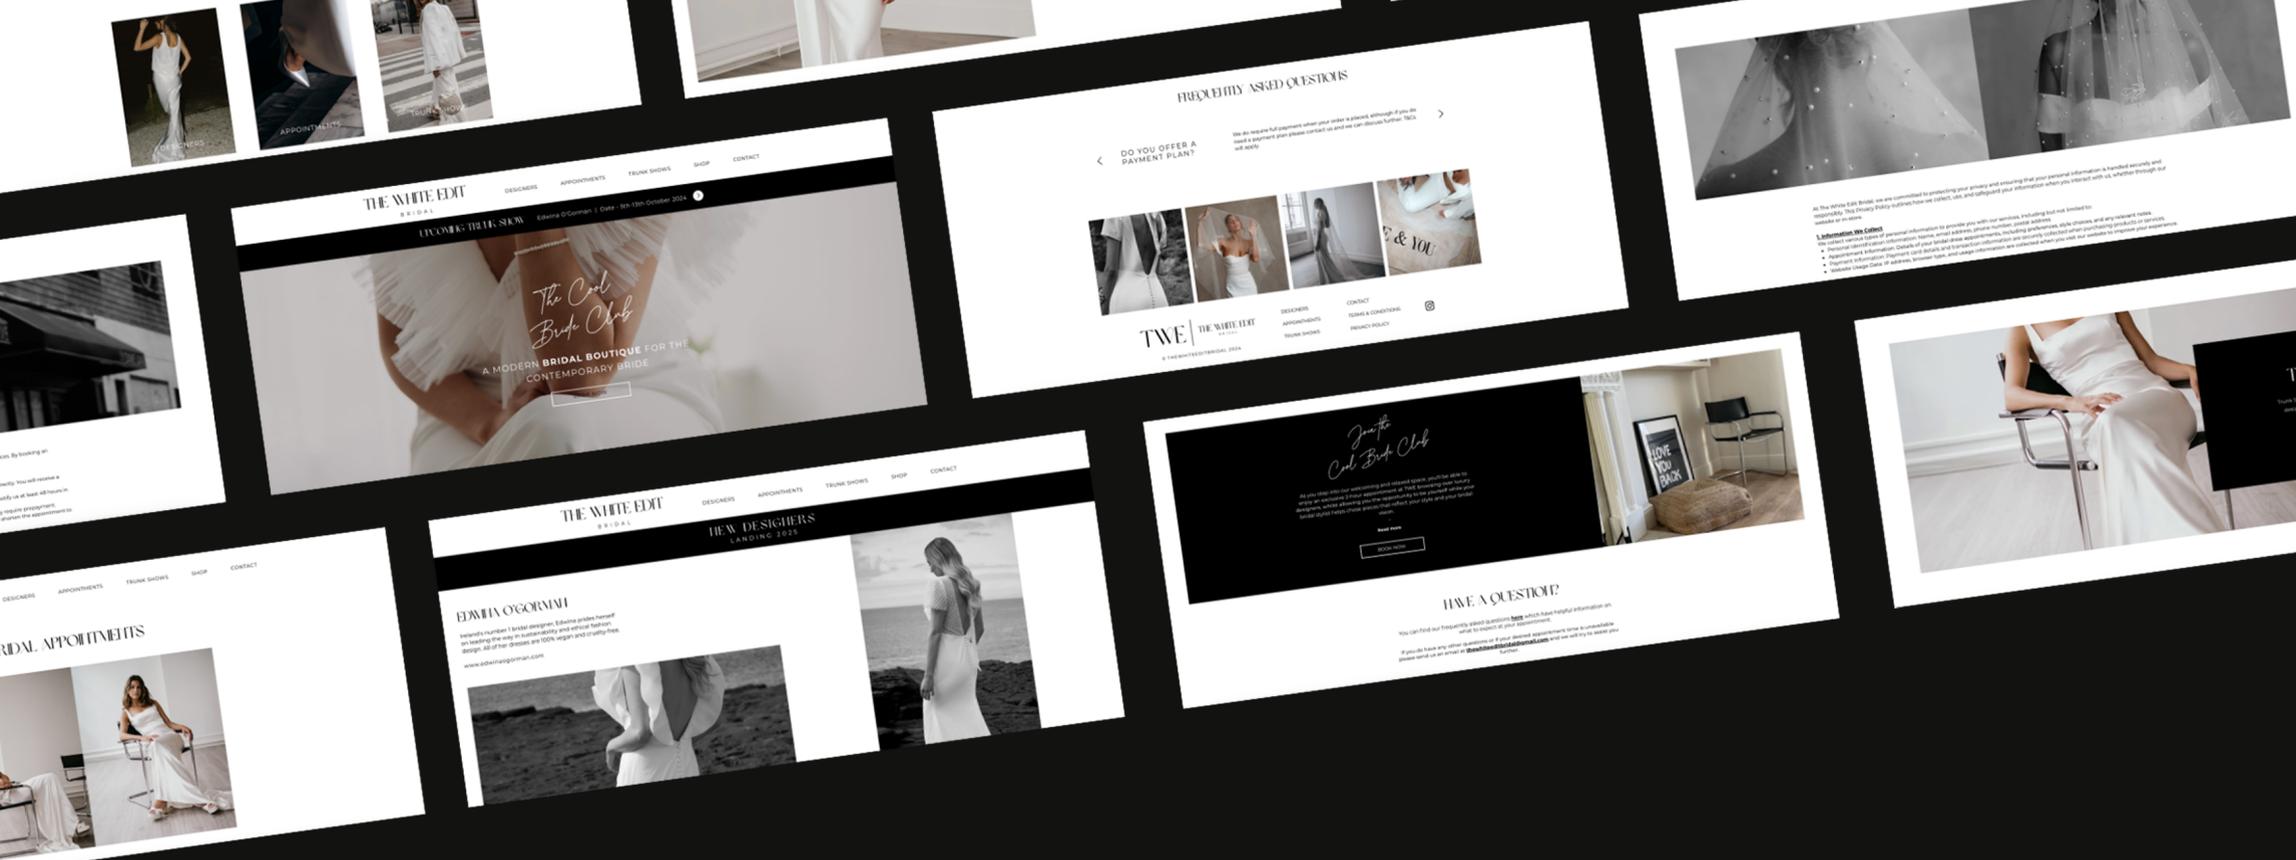

Investment £100*

6 WEEK INSTAGRAM FEED PLAN

3 x 6 grid (Based on posting 3 times a week) – Includes a feed of 18 posts and up to 10 Graphic Content designs or AI-Generated visuals with integration of your existing content

Investment £180*

**Introductory price for a limited time only.*

WEBSITE DESIGNS

Our Website Design service at Cocos House of Design is all about creating beautiful, functional websites that feel aligned with your brand and easy to navigate. At Cocos, we design custom websites using Wix, focusing on clean layouts, intentional design, and a seamless user experience. Whether you're launching something new or refreshing your current site, we create websites that look professional, work effortlessly, and support your business goals, all without feeling overwhelming.

To make sure you feel confident managing it, we also provide bespoke tutorials tailored specifically to your website, so you'll know exactly how to update, edit, and grow your site with ease long after launch.
